STRENGTHS

⚡ **Coding Expert**
Proficient in HTML, CSS, JS, TypeScript, ReactJS, NextJS

☆ **Problem Solver**
Innovative approach to challenges

⭐ **Team Player**
Excellent team lead skills

SKILLS

TypeScript   JavaScript

React.js   Next.js   Vue.js

HTML5   CSS3   RTK   Recoil

React Hooks   Three.js

Styled-components   Style X

Redux   Material UI   Formik

ES6   UI/UX Design

Wireframes   Git   SASS/SCSS

Jest   Mocha

ACHIEVEMENTS

⭐ **Website Performance**
Made $10k weekly transaction from online payment feature at Awesomity Lab

⭐ **Page Load Time**
Trained 3 new employees and made their first produciton-ready project in less than 3 months at Awesomity Lab

📈 **Rising Star Award**
Introduced dockerized development environment at Deriv

SUMMARY

I'm a professional front-end developer with 4 years of expertise in TypeScript, advanced CSS&HTML, NextJS, VueJS, agile development, and different UI libraries. Worked on 7+ successful and high-performant projects, onboarded new employees, and fostered collaboration.

EXPERIENCE

Frontend Lead

Awesomity Lab　　📅 01/2021　📍 Kigali, Rwanda

Software development in Kigali-Rwanda

- Developed 5+ production-ready projects all configured with babel and webpack from scratch, integration testing and all components tested with Cypress and jest, and restful APIs integration with RTK Queries.
- Created a NextJS project boiler-plate that saved us one week of project initiation process.
- Onboarded 3 employees who were able to build production-ready projects within less than 3 months.
- Implemented mobile payment feature that generates over $ 10K transaction per week.
- Initiated technical documentation culture and wrote front-end team guideline and best practices.

Frontend Developer

Awesomity Lab　　📅 05/2021 - 12/2022　📍 Kigali, Rwanda

Software development in Kigali-Rwanda

- Improved product quality by 30% through collaboration with the design team.
- Collaborating with back-end engineers to understand features' connection to ensure smooth delivery and perfectly UI serving APIs.
- Integrated multiple websites with WordPress CMS.
- Managed to deliver for 1 year while working remotely from a different continent (Turkey).

Frontend Developer

Deriv　　📅 06/2021 - 09/2021　📍 Kigali, Rwanda

Online trading platform

- Introduced a dockerized development environment to the team.
- Improved authentication process on the driv.com trading platforms.
- Participated in codebase migration from JavaScript to Typescript.

MAIN PROJECTS

ox

📅 05/2021　📍 Kigali, Rwanda

Logistic management system for OX Deliveries.

- OX made a $10k transaction in the first week after online payment feature.
- Collected and visually presented the data for OX to present to the investors.

NestPay

📅 01/2023 - 04/2023　📍 Kigali, Rwanda

School Management System that operates in Rwanda and Kenya

- Streamlined payment monitoring for different schools, reducing manual effort by 50%.
- Enabled students to register without being at the school physically.
